Tuesday Night Net
NET CONTROL STATION SCRIPT

Note to person conducting the training net: When you see a bracket in the script that looks like this: [*bracket prompt*], it indicates a prompt for you. Please read the bracket prompt to yourself and then provide the net with information or direction requested by prompt.

Before starting, identify who will be Net Control for next week at the **NET SIGN-UP tab** at sloecc.org .

**Also please use the SLO County-Wide Net Report Form *(*sloncares.org/reporting*) to send the results of this NET to the DEC .*

[First, tune your radio to 146.670MHz (negative offset, 127.3Hz Tone) or if last Tuesday of month to 444.100 MHz (positive offset, 127.3Hz Tone) and wait until the frequency is clear. Second, read the following script.]

The San Luis Obispo County SLOECC- ARES-RACES Training Net for *[Month/Day/Year]* **is starting now.**

Is there any emergency or priority traffic for the Net? If so, call signs only please.

[1. If you receive a call sign, acknowledge it and write it down.]
[2. When no additional call signs are received, process the emergency or priority traffic in the order received.]
[3. If you do not receive any call signs, proceed with the script.]

Good evening SLOECC-ARES-RACES members and guests. This is *[state your first name and call sign]*, **Net Control Station for this session of the San Luis Obispo County SLOECC, ARES, and RACES Training Net. I am operating from** *[state your general location].*

This Training Net meets Tuesdays at 1945 hours local time on the 146.670 MHz primary repeater and on the last Tuesday of the month on the 444.100 MHz simulcast repeaters. All repeaters have a 127.3Hz tone. Please consult the Frequency tab on the SLOECC.org web site for additional repeaters, tactical simplex, and Winlink digital frequencies.

The purpose of tonight's Training Net is to perform a weekly test of emergency communications equipment and exchange information relating to emergency readiness.

In the event of a real emergency such as earthquake, wildfire, tsunami, or any siren event, first see to the safety of yourself and your family. When secure, please listen to this repeater first! If an Emergency Net and Call-Out is in progress, check in. If this repeater is not working, please listen on the backup repeaters.

1

This is a directed Net. Please do not transmit unless directed to do so by the Net Control Station.

Are there any announcements? If so, call signs only please.
[1. If you receive a call sign, acknowledge it and write it down.]
[2. When no additional call signs are received, process the announcements in the order received.]
[3. If you do not receive any call signs, proceed with the script.]

Are there any after net contacts to list? If so, call signs only please.
[1. If you receive a call sign, acknowledge it and write it down.]
[2. When no additional call signs are received, announce that contacts will be processed in the order received at the end of the net.]
[3. If you do not receive any call signs, proceed with the script.]

Area Emergency Communications Centers will be checked in at this time, followed by individual check-ins from each area. Reporting ECCs are reminded to log the results of their area net sessions for both voice and Winlink. Use either your local area logging system or use an ICS-214 form to send results to your local Emergency Coordinator and to the District Emergency Coordinator. Forms can be sent to the EC and DEC via Winlink or regular email. See the SLOECC.org website for instructions.   County Groups and individuals standby to check-in.

SOUTH COUNTY:
• South County Group ECCs 2, 4, and 15?
• Are there any South County individual check-ins?
[Acknowledge the South County Group and individual check-ins and then continue with the script.]

CENTRAL COUNTY (San Luis Obispo):
• Central County Group ECCs 1, 8, 9, 10, and 13?
• Cal Poly ECC 16?
• Are there any Central County individual check-ins?
[Acknowledge the Central County Group and individual check-ins and then continue with the script.]

NORTH COUNTY:
• North County Group ECCs 3 and 6?
• Are there any North County Area individual check-ins?
[Acknowledge the North County Group and individual check-ins and then continue with the script.]

NORTH COAST:
• North Coast Group ECC-12?
• Are there any North Coast Area individual check-ins?
[Acknowledge the North Coast Group and individual check-ins and then continue with the script.]

ESTERO:
• Estero Area Group ECCs 5 and 11
• Are there any Estero Area individual check-ins?
[Acknowledge the Estero Area Group and individual check-ins and then continue with the script.]

Are there any late or missed ECC or individual member check-ins? If so, call signs only please.

[Acknowledge any call signs that you receive, if any, then proceed.]

Visitors who are listening to this training net are invited to check-in at this time. Please give your call sign, first name and general location.

[Acknowledge and welcome any call signs that you receive, if any, then proceed.]

You are invited to attend the SLOECC, ARES, and RACES general membership and training meetings. Meetings will be held Quarterly in the SLO County Agriculture Office auditorium located at 2156 Sierra Way in SLO. Please check the SLOECC.org website or listen on this net for additional information and scheduled dates and times regarding meetings and training sessions.

The Net Control Station for next week will be:

[1. State the name and call sign from the roster at www.sloecc.org.]
[2. If you are not sure, ask someone to provide the information.]

Are there any questions, comments or further business for the Net?
If so, call signs only please.

[1. If you receive a call sign, acknowledge it and write it down.]
[2. When no additional call signs are received, process the list in the order received.]

This session of the San Luis Obispo County SLOECC-ARES-RACES Training Net is closed at *[state the local time]***.**

I will stand by for those wanting further information on SLOECC, ARES or RACES.
This is *[state your first name and call sign]* **thanking you for your participation in this training net. Good night.**
[Based upon the request for contacts earlier in the script, please choose one of the following:]
The frequency is clear.
[Or]
The frequency is clear and after net contacts with other stations may proceed in the order received.
